10th October 2017

TO WHOM IT MAY CONCERN

UTZ Netherlands and IMO Bangalore, have jointly carried out an extensive investigation inspection at Tonganagaon, Maud and Sewpur Tea Estates, in Assam, between 5th to 7th October 2017.

This special inspection was with regard to the decision of UTZ to suspend our certification based on inputs received from a German Journalist during his visit to Tonganagaon Tea Estate.

UTZ had cited the following issues as reported by the German Journalist to justify our suspension.

- a) Clean and safe living conditions.
- b) Hygiene and Sanitation.
- c) Safe drinking water.

We would like to inform you that as per the "**CONSOLIDATED LIST OF INSPECTION FINDINGS**", in the repeat joint inspection between 5th to 7th October 2017, there has been no instance of "NON-COMPLIANCE" found on any of the above points, including all Statutory payments and other facilities, as per the Plantation Labour Act. A formal report is expected shortly.

We hope the above information will be helpful for you to address your immediate concerns and the queries from your customers.
